To whom it may concern

Roger Bowles has been working for Sky News on a freelance basis for the past 5 years.

He has been punctual, diligent, inventive and enthusiastic in his role as News Cameraman. The work has varied from live camera to feature packages.

Sky News uses P2 cameras with a non-linear workflow, Roger has experience of using these cameras for ENG or live with digi-links.

Working alone, part of a team or with a satellite uplink engineer, Roger has never failed to deliver the pictures
